FIRST OF RACE PERMITTED TO PRACTICE HERE

ENTERPRISING CHINAMAN, WHO
QUALIFIED FOR SAN FRAN-
CISCO CERTIFICATE AS DOCTOR.

Chang A. Holt, a Chinaman,
Is Made a Physician
by Examiners.

Chang A. Holt of 804 Stockton street enjoys the distinction of being the first Chinaman admitted to practice by the Board of Medical Examiners of California. He received his official announcement Saturday and is now a full fledged physician and surgeon. He is proud of his achievement and his countrymen exult with him over his success.

Chang is not a native son, although he has lived under the American flag since the Hawaiian Islands were admitted to the Union. He was born in the city of Canton, China, twenty-six years ago. His parents were poor and it seemed in his early boyhood as if his fate were to be that of the yellow hordes among which he lived. But beneath his blue blouse were desires and ambitious and a spirit and determination that made him different from his fellows.

At the age of 13 he ran away from home to Hongkong in search of a better life than that he had known as a goatherd and laborer in the rice swamps of the distant Chinese province. In the great English stronghold he was told of a beautiful land beyond the seas where he could earn plenty of gold and be answerable to no grasping mandarin.

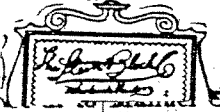

He decided to seek out these elysian fields of which he heard and stowed away on a vessel bound for the United States. When the boat reached Honolulu he was put ashore. He found employment at once and, still cherishing lofty ambitions in his young heart, he saved every cent he could possibly spare from the cost of existing. In a year or two he set up a store on the island of Hilo. He was very young, but he prospered in business nevertheless and his little establishment grew to be a big one.

At the age of 21 he sold out his business, which was one of the largest concerns of its kind on the Hawaiian Islands. With much money in his pocket, the slant-eyed boy then sailed to America. He commenced upon his studies immediately and applied himself as busily as ever to the fulfillment of his purpose.

After he had learned to read and write English he determined to be a doctor. He was admitted to the College of Physicians and Surgeons and always held a high rank in his class. He was graduated with honors last spring and recently appeared before the Board of Medical Examiners for the final test, which he passed easily.

He does not intend to practice in the United States, and after a trip through the country he will return to the city of his birth. He has been Christianized and wears no queue. He states that he means to uplift his countrymen as far as rests in his power. He will cure their bodies of physical ills, teach them the advantages of civilization and instruct them spiritually.

HAWAIIAN CHINAMAN NOW AN AMERICAN PHYSICIAN

The Call says: Chang A. Holt of 804

Made Good Showing.

Pugilist Tim Murphy, who was de-
feated by Dave Barry here, says that
Barry must have put up a magnificent

men in his class. The showing made

Programme For Independence Day Now Complete.

There was a meeting of the Fourth of July committee of arrangements at Pinnac's Hall on Friday evening, with Messrs. E. R. Wilson, A. M. Wilson, P. C. L. Bond, J. T. Moir, W. H. Little, E. D. Baldwin and J. T. Stacker present.

The matter under discussion was the programme of athletic events to come off on Independence Day. Mr. Baldwin submitted a programme which had been planned by a local athlete, but the number of events proposed was too large in the opinion of the committee. The prizes suggested in the communication were \$20 and \$10 to nearly every event, whether or not training was required by the one taking part. The committee reduced the number of events as well as the amount of prizes.

For two championship running races medals were offered, to be won twice. This proposition was opposed by some of the committee, but passed when put to a vote. There will be salutes, flag raising and swimming matches outside the race track; every thing else on the programme taking place within the enclosure.

The following committees were appointed to serve: Salutes, Todd and Larkin; flag raising, J. A. Andrews; Swimming, McMahon and Webb; Medals, J. D. Kennedy; Athletics, John A. Scott, Judge Wilder, P. M. McMahon; Printing, J. T. Stacker and A. C. Steele; Treasurer, N. C. Willbong; Paymaster, George H. Williams; Horse Races, Starter, J. H. McDonough; Judges, Geo. Ross, W. H. C. Campbell and J. T. Moir; Timekeepers, J. D. Kennedy, E. E. Richards; Clerk of Course, L. B. Schoen; Announcer, Mr. Howland; Steward, C. C. Kennedy.

No Such Thing.

The Tribune is authorized to contradict the statement made in this week's Herald, that base ball would be played on Sunday. The League has no intention of doing this, as Sunday games are prohibited by law.

SEWALL THE MAN.

Inside Adverses Indicate That He Will Be H.

Adverses from Washington through private sources indicate clearly that Sewall is so far in the lead as a candidate for appointment to the Hawaiian Governorship, that even a dark horse of phenomenal speed will hardly overtake him. He has the support of Senator Frye of Maine, the President of the Senate, and of other Republican leaders whose influence with the Executive counts for much. These reports tally with the rumors more publicly set afloat. Probably DeLo would not want the job anyhow, there's only \$5,000 a year in it, against \$12,000 which he has received as Chief Executive of a cheap republic. It may be, however, that he will hold a soft soap so long that he would like to get out and hustle for cash with the rank and file of men who were not born to the missionary people.

THE MAJOR IN TOWN.

Leader of Island Salvation Army Arrives.

Major Wood, the leader of the Salvation Army forces on the Islands, arrived on the "Landline," and purposes leaving by next week's steamer for Honolulu. During his stay in Hilo he is conducting special services in the Army Hall off Front street. Those held so far have been well attended and a good interest has been shown.

By the invitation of the Foreign, Italian and Portuguese churches the Major will leave a luncheon meeting in the Hall Church on Sunday evening at 7 p. m. at which he will speak on Hilo's greatest need.

Departures by Chauldne.

The following passengers left on yesterday's steamer for Honolulu: Captain Seaburn, Mrs. W. L. Moore, child and maid; Mrs. Shavin, Mr. and Mrs. L. Turner, J. A. Scott, P. Souza, P. W. Bosworth, Sampson, Mr. and Mrs. Howland, Mrs. Petrona.

Vigorous Action Taken to Prevent Recurrence of Outrages.

The propensity of the local police force for indulging in indiscriminate raiding, more especially in quarters where it is least needed and upon people who are least able to resist it, is too well known to require comment. This state of affairs was signally illustrated on Saturday and Sunday evening of last week and the facts connected therewith are pretty well known.

On Sunday evening a mass meeting of Hilo Chinese was held to take action relative to the matter, at which addresses were made by leading Chinese. Ah Hoi, one of the speakers, said:

"Every one knows that the Chinese are a conservative race and that they would rather endure a severe persecution than stand up for their rights. I think that is one thing that encouraged those fellows to treat us so barbarously, and let me tell you right here that unless we take some steps to get redress from the authorities we will be treated still worse in the future.

"It would take me hours to cite to you all the different instances where our countrymen have been robbed and abused, but as these affairs are past and gone, I will only mention the two that occurred last night and tonight.

"On Saturday night one of my clerks was riding a wheel about fifteen feet from the store. Peter Elenakule came up and jerked him off the wheel. He took the wheel to the station house, and then came down again to arrest the boy for riding on the wheel. As soon as he got sight of him he grabbed him by the neck and tried to throw him down. Tong On stepped out and asked him why he handled the boy in such a manner, and Elenakule knocked him down. After they were separated Norman Lyman ran out of the Kandy Kitchen and struck Tong On three severe blows. He did not know what was going on, nor did he try to find out before he struck the blows.

"Can you tell me why he struck Tong On? I would say simply because he is a Chinese. Most of you have seen how Peter Elenakule, William Keatani and N. Lyman treated the laundrymen tonight, so it is not necessary to repeat it. But I would like to know what right have they to enter one's store to search without a warrant? or of assaulting the men because they refuse to show them their tax receipts on Sunday? or of breaking into a room and taking many things away while the owner is not there? Can you tell me why they did it to us? I would say simply because we are Chinese?

"Now these things have gone too far and must be stopped in some way. As Sheriff Andrews is the chief executive officer of this Island, and an honest man, as I have reason to know personally, I think he is the proper man to go to and demand protection. I think it is best to appoint a committee of fourteen to wait upon the Sheriff and lay the different instances before him. I feel pretty sure that some understanding can be reached in that way; but in case we could not obtain any satisfactory redress we must send our petition to the proper authorities in Honolulu until some sort of protection can be secured. Let me conclude by requesting you to stand handily together, but do not do anything that goes beyond the limits of law. We are merchants of these Islands, we pay taxes and heaves just the same as others do, and therefore I think we are entitled to the full protection of the law. Did you ever hear of a police officer who entered a white man's residence and searched his place without a warrant? No, they only treat Chinese in that way."

The deputation appointed at the meeting waited upon the Sheriff, and was received in a manner most satisfactory to themselves. The Sheriff censured the action of his subordinates and asserted that he would make it a point in the future to see that such utterly unwarranted procedure on the part of those clothed with a little authority should not occur. Two of the principal officers were dismissed from the force and the third is believed to be on the "tugged edge."

The Chinese have also retained Carl S. Smith to prosecute to the full extent of the law the cases of those assaulted.

THE BALL PLAYERS.

In re Census Enumerators.

Hilo Tribune, Mr. Editor.—Dear Sir: It has been suggested that the reason the appointive officer of Census enumerators for Hilo and Puna didn't include in the list a larger number belonging to the genus Missionary and the species Lyman, was because he thought he had them all; a vain delusion, the memory of which will probably embitter his whole life, besides arousing the ire of that somewhat numerous race, who certainly were entitled to expect that more than five of their number would be chosen out of a total of fourteen. I can but wonder how the census will fare throughout the rest of the Union, where representatives of this family of natural enumerators and population counters are not found among the wonders of nature. "A WORLD OF LYMAN."

Any Regard For the Truth?

Hilo Tribune, Mr. Editor.—Dear Sir: After reading the article published in this week's Herald, headed "Chinese and Police," in which N. Lyman stated that while he was holding me I asked him to let me go, so that I could run away. As I had committed no crime, or done anything that was morally wrong, why should I desire to run away? Whether this statement has any truth in it, or not, any one with common sense and no prejudice against us as a people can readily see. Still, I feel it is my duty to correct it in justice to myself. I will not go on to describe the whole affair, but wish to say this: that just as Peter Elenakule had let go of me, N. Lyman struck me a severe blow which bruised my nose. I staggered back three or four steps and then he grabbed my shirt in front and said he wanted to arrest me. I made no resistance, but just as I started to ask for my hat he struck me another blow, and when I had one foot on the back step he struck me a third blow simply because I didn't get into the back quick enough to suit him. This fact can easily be proven, which N. Lyman himself will have to admit, if he has any regard for the truth. Thanking you for your valuable space, I remain, yours truly, TONG ON.

MANILA AND THE PHILIPPINES.

Well Known Lecturer Will Discuss This Topic.

Miss Mary H. Kroat, who has lectured so acceptably to Honolulu audiences upon various topics of present interest, arrived in Hilo by the Claudine, and will lecture next Tuesday evening at the Foreign Church upon Manila and the Philippines. Miss Kroat visited Manila in December last, and will give her impressions of the country and people as formed at that time. A portion of the proceeds of the lecture will be devoted to the Hilo Library. Tickets for admission are 50 cents.

Free Trip to San Francisco For Hawaii Teachers.

A trip to San Francisco and return is offered by the Bulletin to the teacher whom the largest number of votes shall prove the most popular in the Hawaiian Islands.

Passage has been secured on one of the fine new boats of the Toyo Kisen Kaisha which are sold by all who have traveled to be the best and most comfortable boats on the run between here and San Francisco. The America Maru will be the steamer on the trip up, leaving here on July 17. Either the America Maru on August 3 or the Hongkong Maru on August 29 may be selected on the return trip according to the length of stay it is desired to make at the Coast.

This contest will be carried on in a similar manner to that for The Most Popular Captain. A vote will appear in each issue of the paper on the upper right hand corner of the first page. In addition to this, votes will be given with all new subscriptions to the paper. It should be understood in this connection that a new subscription does not consist in transferring the paper to some other name in the same house, nor in stopping the paper and resubscribing. Votes will be given to all new subscribers as follows, the coupon being attached to the receipt for the subscription.
